We sponsored a Beveridge Pumpkin Patch contest. The pumpkins were featured at conferences. The two first place

During the 1st quarter there were over 250 individual classes in the library!

Ben Mikaelsen visited on November 7th to speak to Beveridge students. Students who read one of his books were invited to the presentation in the auditorium.

Mrs. Kearney and Mrs. Grefe recently brought their classes in to work on their semester GLE projects. Students had to pick a place for a field trip or a speaker to come to Beveridge. They then wrote a business letter to Dr. lavender trying to persuade him to pick their idea.

Some students from Mrs. Kandido’s International Studies classes will be here during the 2nd quarter working with trunks of artifacts from various regions. These trunks come from the Joslyn Art Museum and students complete daily tasks as well as a final project using the information in the trunks.

Our checkouts are up by 54% from the same time period last year. We have some great readers at Beveridge! As a reminder, students can check out books before school, during lunch, or during class with a pass from a teacher.

We have been using The Big6 to guide our research in the library. Students took notes on a Big6 paper for their GLE for 7th grade. The steps are:

1. Task Definition
2. Information Seeking Strategies
3. Location and Access
4. Use of Information
5. Synthesis
6. Evaluation

From http://www.big6.com

The Beveridge Library is open daily at 7:15. Closing times are M,W,&TH 3:30, TU 5PM, and FRI 3PM

Mrs. Mihovk, librarian and Ms. Bench, library paraprofessional

**What’s Happening @ your library?**
